

PRODUCT FEATURES:

- **Impact-Resistant Polycarbonate:** Durable visor construction designed for demanding professional applications.
- **Complete Visor Kit:** Includes the AeroPro helmet, visor, and required visor mounting components, no additional visor parts need to be purchased separately.
- **Pre-Assembled & Ready to Use:** The visor and mounting components come installed on the helmet, eliminating the need to assemble the visor system yourself.
- **Clear & Smoke Options:** Choose the visor option that best fits the work environment.
- **Eyewear-Friendly Design:** Designed with space to accommodate most safety glasses, sunglasses, and prescription eyewear underneath.
- **Easy Up/Down Positioning:** Raise the visor when it is not needed and lower it when eye protection is required.
- **Integrated Earmuff Accessory Slots:** Built-in side slots allow compatible earmuffs to attach directly to the helmet without requiring separate earmuff adapter clips.

STANDARDS & COMPLIANCE:

VISORS

- **Integrated ANSI Z87.1-Rated Visor:** High-impact-rated eye and face protection
- **UV Protection:** AeroPro/ClimbPro visors block 99.9% of UVA, UVB and UVC rays.
- **Anti-Fog Performance:** Fog-Off technology on AeroPro/ClimbPro visor configurations.

APPLICATIONS & CARE:

Applications: Forestry Professionals, Arborists, Climbing, Work at Height, Tower Climbing, Rescue & Rope Access

Care: Inspect the visor, mounting hardware, and attachment points before use. Clean using mild soap and lukewarm water with a soft, non-abrasive cloth. Avoid harsh chemicals, solvents, and abrasive cleaners. Replace the visor if it becomes cracked, deeply scratched, distorted, or otherwise damaged.
